

## GROWTH FOR THE MIQUANDO TEAM

Miquando, the Island's No 1 Online Directory, is going from strength to strength, highlighted by the appointment of Jon Heard to Sales Executive.

Jon brings to the team a wealth of experience from both long-established, well-known Manx businesses with a significant online presence, and IT solution providers in the UK. With more than 20 years' sales experience, Jon is ideally positioned to help Miquando with the promotion and development of its Online services.

Having lived in the Island since 2007, Jon, his wife, Samantha, and their toddler, Oliver, have immersed themselves in the community.

Commenting on his new position, Jon said, 'I'm really thrilled to have joined Miquando, such an innovative and fresh business. The digital environment is a really exciting area to be working in. The company has a great product and a fantastic vision of what it wants to achieve, it's hard not to get enthusiastic about the exciting times ahead!'

Miquando.com offers both business and searchers a richer experience with more information and contact options, plus a range of additional interactive features, such as online booking 24/7/365 and ratings and reviews the business.

To register your business for free, to search companies, or make a booking online, visit <http://www.miquando.com> – find it, click it, book it, rate it.
